TOWN OF ATKINSON

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Atkinson, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Grange Hall, in said Atkinson on Tuesday, the eleventh day of March, next at one of the clock in the afternoon, close not earlier than seven P. M. to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To raise and appropriate the sum of \$400.00 (four hundred dollars) for rent of Grange Hall for use of Town and School purposes, also for community, recreational and educational meetings to be held under the following conditions for the ensuing year: (a) no meeting to be over 4 hours duration; (b) meetings not to exceed 3 per month, except under special circumstances; (c) paid entertainments sponsored by the aforesaid groups to be charged for at the rate of \$4.00 per meeting to be paid for by the groups to the Atkinson Grange Hall Committee; (d) all arrangements for meetings to be approved by the Selectmen and the Hall Janitor; (e) the meetings to be properly chaperoned.

4. To raise and appropriate the sum of \$200.00 (two hundred dollars) which includes the amount required by law for Kimball Public Library.

5. To raise and appropriate the sum of \$1,000.00 (one thousand dollars) to pay Note 93 for Island Pond Road.

6. To see if the Town will vote to give 2% (two percent) discount on present year's taxes if paid within 30 (thirty) days of receipt of warrant.

7. To raise and appropriate the sum of \$105.00 (one hundred five dollars) to pay premium on fire insurance policy on Library and equipment.

8. By request Trustees. To see if the Town will vote to raise and appropriate the sum of \$50.00 (fifty dollars) to add new book shelves to the Library.

9. To raise and appropriate the sum of \$75.00 (seventy-five dollars) to put fences around water holes.

10. To see if the town will vote to raise and appropriate \$350.00 (three hundred fifty dollars) to tar that part of Conley Road that the Conley Grove Association graveled.

11. To see what sum of money the town will vote to raise and appropriate for removal of diseased elms.

12. To see if the town will vote to raise and appropriate \$125.00 (one hundred twenty-five dollars) to put in new culvert at brook on upper Maple Avenue.

13. To see if the town will vote to buy a sander and raise and appropriate for same.

14. To see what action the town will take in regards to re-pricing cemetery lots.

15. To see if the town will vote to transfer their tax liens for the years 1949 and 1950 on the Rose C. Kendrick property to Edward Radulski.

16. To see if the town will vote to accept the tank truck owned by members of the Fire Department which was recently purchased at a cost of \$1,500.00 and is now free and clear of all mortgages.

17. To see if the town will vote to raise and appropriate the sum of \$100.00 (one hundred dollars) for privilege to maintain public dump in sand pit on Merrill property. Fire Department to burn dump over twice a year.

18. To see if the town will vote to accept the following Building Code and Zoning Ordinances:

BUILDING CODE AND ZONING ORDINANCES TOWN OF ATKINSON

To promote the health, safety, convenience and general welfare of the town of Atkinson, and to make it an attractive place in which to live, the following ordinance and building code is hereby enacted by the voters of said town in annual town meeting convened:

Article I.—Establishment of Zoning Districts

Section 1. For the purpose of this ordinance the Town of Atkinson is divided into two zones:

Zone A shall comprise the whole town with the exception of Zone B.

Zone B. Recreation Zone, the territory extending from the shore of Island Pond to within 300 feet of the center line of Route One Eleven.

Article II.—Building Regulations Zone A

Section 1. The roof of every building hereafter erected or recovered in whole or in part shall be covered with fire resisting material, except that this section shall not be construed to prohibit the use of wood shingles in repairing any roof now covered with wood shingles.

Section 2. Chimneys shall be constructed of stone, brick or other masonry to the ground, shall be lined with tile and extend two feet above the roof to which it belongs, and shall have clean out opening at the base. No smoke pipe shall be allowed to pass through floors or partitions separating rooms, and all entrances to said chimneys shall be of fire proof construction. The only exception to this will be brooder houses not exceeding 200 square feet and not nearer than 75 feet to a main building and 50 feet from each other.

Section 3-A. Every dwelling shall have a minimum ground floor area of 400 square feet, outside measurement, for each family unit, porches enclosed or otherwise, shall not be considered as part of the minimum ground floor area.

Section 3-B. All overnight cabins shall conform to the building regulations except to their size. At no time shall they be used as a permanent dwelling. No one occupancy shall exceed five months.

Section 4. Sewerage, all dwellings and all public buildings shall be equipped with cesspool, septic tank, sanitary chemical toilet or enclosed vault.

Section 5. Every building shall be set back from the front property line not less than 30 feet, or such distances shall conform with the average line of existing buildings 500 feet in either direction on the same side of the street, and all buildings shall be set back at least 10 feet from the side lot line.

Section 6. Trailers. No Trailer Camps shall be allowed in the town of Atkinson. Any one person or family may be allowed to live in a Trailer temporarily for a period not to exceed 5 months, with the approval of the Board of Selectmen and the Building Inspector.

Section 7. No sign shall be permitted except the following: Town and State highway directional and regulatory signs, historic signs and those signs used to advertise the profession or goods dealt in by owner or occupant of property on which placed. No sign or group of signs shall exceed 20 square feet—outside dimensions—and shall not be placed so as to obstruct views on highway. Location of sign shall be governed by same rules as applies to buildings in Section 5.

Section 8. Reconstruction of Buildings. Any structure destroyed by fire, explosions, flood, storm or other act of God, may be rebuilt or reconstructed within one year of its destruction except that if a non-conforming use is destroyed to a degree of 75 percent or more as determined by assessed valuation, it must, when rebuilt, conform to the terms of this ordinance in its location and construction.

Section 8-A. No owner or occupant of any land in said districts shall permit any fire ruins to be left unfinished or incomplete thereon, but shall finish or complete, or remove the same within 12 months of the date of fire, except when there is property in court litigation it will take place one year after settlement

of such court action. Any building condemned for state of repair shall be removed within six months.

Section 9. The construction of small accessory buildings together with minor alterations, repairs and general upkeep of existing buildings shall be exempt from the provisions of Section 5 and following articles except that permanent roadside stands may be located within 10 feet of the front property line, or in such location as will permit all vehicles to be completely off the travelled way.

Section 10. New Development. A. The owner of any plot of ground intended for development or subdivision into building lot not fronting upon a public highway shall file with the Board of Selectmen a plan or map of the proposed subdivision, and shall obtain the approval of the Board of Selectmen thereon before proceeding with the development of sale lots in the said subdivision.

Section 10-B. It shall be the duty of the Board of Selectmen and the planning board to inspect site of such proposed subdivision, and to require such roadway and other areas for common use as will eventually be acceptable to the town for maintenance by the town, and to approve the same when satisfied that such proposed plans are in harmony and conducive to the general welfare of town and neighborhood, and not detrimental to existing property values, but in no sense shall this be deemed an acceptance by the town of the street or streets. All roads in said development shall be at least 40 feet wide.

Section 10-C. All building lots shall not be less than 100 feet square in Zone A.

Section 11. Camps for lumber operations may be allowed at the discretion of the building inspector, if the owner of the mill assumes full responsibility (in writing) for their removal at the end of mill operations. Earlier removal may be ordered by the building inspector for reasons of safety to the occupants as neighbors.

Article III. Building Regulations of Zone B

The provisions of Zone A shall be applicable to Zone B except in the following respects:

Section 1. Dwellings not used for year round residence

shall have a ground floor area of 300 square feet for each family unit.

Section 2. Provisions of set back front property line shall not apply.

Section 3. All lots shall be at least 75 feet wide and 100 feet deep.

Article IV. Town Building Inspector

Section 1. For the purpose of this ordinance the Board of Selectmen shall appoint a town Building Inspector who shall perform the duties of his office as designated in the various provisions of this ordinance, and shall make inspections of all buildings in process of building or reconstruction and report all violations to the Board of Selectmen.

Section 2. Any person before commencing work on the erection or alteration of any building or structure must first obtain a permit duly granted for such erection or alteration by the building inspector. Before a permit shall be issued by the building inspector, he shall be presented plans which are satisfactory to him and he shall determine whether the proposed construction or alteration conforms to all conditions of this ordinance. Said Building to be completed on exterior two years from beginning of construction. Building inspector shall have permits in duplicate form to be signed by him and applicant and shall be notified by applicant when construction begins.

Section 2-A. Building Permits. All building permits, with the exception of Residential Permits, shall not be granted for a period of 10 days, and notice given in writing to all abutters, by the Building Inspectors, of such buildings to be erected.

Section 3. An application fee of \$4.00 for new construction or major alteration to be paid the building inspector, collected the same as other ordinary bills, are collected from the town and shall be considered payment in full for his services. Permits for exterior alterations not exceeding \$200.00 shall be issued free.

Section 4. No permit, however, shall be issued unless the proposed structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be

suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood where they are to be located, and which may have a detrimental effect on property values and neighborhood character. When an objection on account of the appearance of a proposed structure as above indicated, is raised by a majority of property owners with a frontage within a radius of 500 ft. of the proposed site of structure, the board of adjustment shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

Article V. Board of Adjustment

The selectmen shall appoint a Board of Adjustment conforming in membership and duties to the provisions of Chapter 51, Section 56-65-A inclusive of the public laws, said board to serve without compensation. This citizen board shall have authority to allow slight variance from the specific terms of this ordinance, where it can be shown that they would result in unnecessary hardship.

Article VI. Penalty for Violation

Whoever violates any of the provisions of the above regulation shall be punished upon conviction by a fine not exceeding \$10.00 for each day of violation. It shall be the duty of the Selectmen to see that this ordinance is enforced and to take appropriate steps to correct any violation of this ordinance in accordance with public laws, Chapter 51, Section 70 of the revised laws.

Article VII. Amendment of Ordinance

The provisions of this ordinance may be amended or changed at any regular or special Town meeting by a majority of the voters present as provided by revised laws, Chapter 51, Section 54, this ordinance shall take effect upon its passage.

Article VIII. Validity

The invalidity of any section or provision of this ordinance shall not invalidate any other section or provision thereof.

JOHN H. WATSON, Secretary

19. To see if the town will vote to authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

20. To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to hire such sums of money as the town will need in anticipation of taxes.

21. To hear reports of Town Officers and Committees, act on same and transact any other business that may legally come before the meeting.

Business meeting will be adjourned until Saturday evening, March 15, 1952.

BUDGET OF THE TOWN OF ATKINSON, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1952 to December 31, 1952, Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1951 to December 31, 1951.

REPORT OF FIRE ENGINEERS

During the year 1951 the Fire Department answered sixteen calls. Three of these calls were out of town: Two house fires in Hampstead and a call to Russell Wood Heel in Plaistow. There were six brush fires, six chimney fires and one call for a house fire.

We have added a three thousand gallon tank truck to our equipment this year. We put electric lanterns on the truck and added raincoats and hats to our equipment.

The Department meets twice a month in the winter and once a month during the summer.

The public is welcome to come to any of our meetings.

We are working on a Mutual Aid program with the surrounding towns in order to make our department more efficient.

Respectfully submitted,

WILBUR R. MOODY,

Chief of the Board of Engineers

LIBRARIAN'S REPORT

To the Trustees of the Kimball Public Library :

During the past year the Library has been opened as usual on Tuesday evening from 7:00 to 9:00 o'clock and Saturday from 2:00 to 5:00 in the afternoon.

The largest number of books taken out during the past year has been 2658; the largest in one day, 51.

I wish to mention Mrs. Hayden Brown's contribution of magazines to our library. These have been greatly enjoyed and appreciated by many patrons.

The Women's Club, formed in 1948, have placed in the library for permanent display their Club Year Book.

Respectfully Submitted,

BEATRICE E. REYNOLDS

Librarian.

ANNUAL REPORT

of the

SCHOOL BOARD

of the

SCHOOL DISTRICT OF ATKINSON

NEW HAMPSHIRE

OFFICERS OF THE SCHOOL DISTRICT OF ATKINSON

Board of Education

Name	Term Expires
Austin B. Wason, Chairman	1952
Warren E. Kolb	1954
Ernest R. Scott	1953
Harry B. Tuttle (elected annually)	Moderator
Malcolm C. Noyes (elected annually)	District Clerk
L. Edna Wright (elected annually)	District Treasurer
Harlon C. Dyke (elected annually)	District Auditor
Philo A. Hutcheson (elected annually)	District Auditor
Warren Kolb (appointed)	Truant Officer and School Census Taker
Jonathan A. Osgood	Superintendent of Schools

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Atkinson qualified to vote in district affairs:

You are hereby notified to meet at the Grange Hall in said district on the thirteenth of March, 1952, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of the school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will authorize the School Board to make application for and to receive, in the name of the district,

such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency, or other United States Government or State Agencies or local or private agencies.

10. To see if the district will vote to raise and appropriate a sum not to exceed five hundred dollars (\$500.00) for the purpose of laying hot-top on the school grounds.

11. To transact any further business that may legally come before the meeting.

Given under our hands at said Atkinson this thirteenth day of February, 1951.

The Polls will be open to vote for District Officers from 7:30 to 8:30 P.M. The other articles of the Warrant will be taken up at 8:30 o'clock.

ERNEST R. SCOTT,
WARREN E. KOLB,
AUSTIN B. WASON,

School Board.

FINANCIAL REPORT

of the Atkinson School District for the Fiscal Year beginning
July 1, 1950 and ending June 30, 1951

 CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is complete and correct to the best of my knowledge and belief. The accounts are kept in accordance with Section 24 of Chapter 82 of the Revised Laws of New Hampshire 1942, and upon forms prescribed by the State Tax Commission.

J. A. OSGOOD,
Superintendent.

ERNEST R. SCOTT,
WARREN E. KOLB,
AUSTIN B. WASON,

July 16, 1951

School Board.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1951-52, and their estimated expenses for the year 1952-53. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

THE ATKINSON SCHOOL BOARD

	Expended	Approp.	Proposed

REPORT OF SUPERINTENDENT OF SCHOOLS

AMERICA'S TOMORROW MAY DEPEND ON WHAT THEY LEARN TODAY. THE ACTIVE INTEREST OF ALL CITIZENS IS THE FOUNDATION OF ANY GOOD SCHOOL SYSTEM.

To the School Board and Citizens of Atkinson:

It is with pleasure that I present my second annual report as Superintendent of your School. This report is made under the headings listed below and will be followed by reports of the school principal, the music and art supervisors and the school nurse.

1. School Enrollment and Census
2. Personnel and grade assignments
3. School Housing
4. The Curriculum and Special Services
 - A. Testing
 - B. Clinics
5. Finances
6. Ending

SCHOOL ENROLLMENT AND CENSUS

As indicated by the following Census table, which shows the total number of children in Atkinson below the age of seventeen, there are 14 pre-school children who have moved into Atkinson during the past year. The total number of children under 17 years of age has increased from 162 to 183, which indicates an upward trend for future school enrollment.

Comparison of Census Figures for 1950 and 1951

Age	Total 1950	Total 1951
Less than 1	9	10
1	5	9
2	15	9
3	5	17

4	9	10
5	17	12
6	11	18
7	15	17
8	12	18
9	9	12
10	10	7
11	5	7
12	7	4
13	14	6
14	7	13
15	5	7
16	7	6
	<hr/> 162	<hr/> 183

The following table shows present enrollments by grades. (Figures are as of January 1952.) The present enrollment of 91 pupils indicates an increase of 80% since 1940, as compared to an increase in total population of only 13.4%.

Present Enrollment and Grade Distribution

Teacher	1	2	3	4	5	6	7	8	Total
Alice Scott	15	18							33
Stella M. Olsen			17	9					26
Charles Yeaton					9	7	10	6	32
									<hr/>
Total Enrollment									91
Total Transported to Rockwell School									69
Other School Personnel:									
Prudence Douglas, Music Supervisor									
Dorothea S. Roth, Art Supervisor									
Jessie R. Soule, School Nurse									

PERSONNEL AND GRADE ASSIGNMENT

During the summer of 1951 the lack of qualified candidates for lower grade teaching positions necessitated the transfer of Mrs. Stella M. Olsen from the upper grade room to the intermediate room. It was fortunate for the Atkinson children that Mrs. Olsen, with her past years of excellent experience in all grades, was available to take grades 3 and 4. Mr. Charles Yeaton of Sun-

cook, N. H., was selected for the upper grades. Mr. Yeaton is a 1947 graduate of the University of New Hampshire. He has had one year of successful teaching experience in New Hampshire and has practically completed his work for a Master's Degree at the University of New Hampshire.

To more nearly equalize the number of pupils in each room, Mr. Yeaton was assigned 4 grades (5-6-7-8) instead of the upper three grades that had been previously assigned to the upper grade room. In addition to this regular "in-school" work, Mr. Yeaton has supervised older Rockwell School boys in out-of-school activities including touch football games with 7th and 8th grade boys in Hampstead. Although interscholastic competition is not recommended on a large scale, it appears to make for excellent morale and school spirit to have some of this supervised play between neighboring communities.

Mrs. Alice Scott is continuing her excellent work of the past six years in the Primary grades. Thayer Illsley has been the school janitor during the past year, and Ward Wright continues to furnish transportation for the Rockwell School pupils.

The following quote from correspondence dated January 25, 1952, to New Hampshire superintendents and school board members from our Commissioner of Education states that,

"The State Board of Education is greatly concerned about the most crucial problem of public education today — that of providing our children with well qualified teachers. Although our State Teachers Colleges will graduate this June the largest number of elementary teachers in years, the great nation-wide teacher shortage plus an increase of some 3,200 elementary pupils in September, 1952, will place our New Hampshire Schools in the most critical situation since the war.

One solution to the problem is to reduce in this state the large teacher turnover which is approximately 10%. In a recent study our superintendents estimated that New Hampshire loses annually to neighboring states some 57 elementary teachers and 50 high school teachers. This is a terrific loss to a state as small as New Hampshire.

Two of the best ways to halt this trend and to set about holding our good teachers in New Hampshire, as well as recruiting young people to enter the profession, are to pay

adequate salaries based upon a definitely established salary schedule and to provide satisfactory conditions of employment. Therefore, it is suggested that local school boards act at once to develop a salary schedule or guide for their school system. Teachers, superintendent, principals, and representatives from the public should be invited to participate in the process. The State Department of Education will be glad to assist also. Local school boards which have already developed and adopted salary schedules can testify to their value and improved morale-building results."

SCHOOL HOUSING

As the enrollment figures have indicated, the Rockwell School is operating at capacity. The School Board has been alert to care for all minor repairs as they were needed. "Rubber feet" have been installed on the school desks in order to decrease the noise and the sliding of desks in the school rooms. Chair glides have been installed on the chairs.

During the past summer dark-out shades were installed over the windows in the Primary room, in order to make for more effective use of the new motion picture projector which was provided by the Parent-Teacher Association in cooperation with other community organizations and the school district. All community organizations deserve special commendation for their excellent cooperation and support of school projects.

During the past year improvements to school property included the shingling of the school building and the installation of a chain-link fence on the street side of the school yard. The school grounds still need considerable attention in order to make for smoother and cleaner playing surfaces.

THE CURRICULUM AND SPECIAL SERVICES

Our teachers continue to stress the fundamentals and are alert to take advantage of every possible opportunity of broadening the curriculum in the social and natural sciences. Instruction in vocal music and art and supervised playground activity continue to be a part of the total curriculum.

We are attempting to play a significant part in the advancement of physical welfare. The School begins in early years to lay the basis for good habits of sleep, eating and exercise. Coordina-

tion of health services in home, community, and school, from birth to graduation is the first step toward a sound health of our children.

As a result of the First Aid Course for teachers which was sponsored during the fall months by the Lawrence Massachusetts American Red Cross Chapter, and taught by Mr. Edwin C. Brown, Volunteer Chairman of the First Aid Division, and his able assistant Miss Laurette Morency, all children in Atkinson are now receiving regular and well planned instruction in first aid from their respective teacher.

A. TESTING

The testing program which is being continued in the Rockwell School makes it possible for each teacher to know the relative mental ability and achievement of each of her pupils. It is only through a knowledge of the mental ability of each pupil that a teacher can diagnose his difficulties and thereby teach with the greatest efficiency.

B. CLINICS

Through the excellent cooperation of their parents, several elementary children in this Supervisory Union have been taken to the Boston University Educational Clinic for expert diagnosis of reading difficulties. Through the efforts of our school nurse, Mrs. Soule, children have been taken to psychiatric and mental hygiene clinics when individual cases have warranted it; such specialized services are necessary in order that regular teachers may work with all pupils to the greatest effectiveness.

FINANCES

Since the entrance of this country into World War II, the amount of money expended each year for public education throughout the country has shown substantial increase over the preceding year. This general trend has been true also in Atkinson. It should be noted, however, that the actual purchasing power of expenditures has not shown corresponding increases. Costs of materials and commercial services continue to increase with a resultant effect on our school costs.

As a result of the last State legislative session, Atkinson is now receiving (for the 1951-52 and the 1952-53 school years) \$4,048.35 school state aid money, as compared with the \$4,403.11 received during the previous two-year period.

During the past year we have profited by consultant services provided by our various state departments. From the State Department of Education the following people have visited in this area at our invitation, on various subjects, according to their respective fields:

Dr. Hilton C. Buley, Commissioner of Education (Supervisory Union meeting at Hampstead on December 11, 1951)

Dr. Harold Hyde, Chief, Division of Educational Research (Area meeting of School Board members and others at Hampstead on January 29, 1951 for a general discussion of state aid to schools.)

Dr. Alice Baumgarner, Director, Art Education

Miss Madeleine E. Bartell, Director, Elementary School Services

Miss Ruth Cutter, Director School Lunches

Mr. Howard E. Swain, Director, Trade and Industrial Education

Miss Verna Payson, Director, Home Economics Education

Mr. Curtis R. Bresnahan, Director, Child Welfare Services

Mr. Paul E. Farnum, Chief, Division of Administrative Services

Mr. Earl H. Little, Director, Agricultural Education and Acting Director, Distributive Education

Mr. William F. Glavin, Supervisor, Vocational Rehabilitation

We have had consultation and visits with representatives of the office of the New Hampshire State Fire Marshal and of the State Board of Health; in each case, every school in the Supervisory Union has been visited by these representatives accompanied by the superintendent. Reports have listed various suggested improvements which the various School Boards are correcting as finances will permit.

Children of today are 'Better'! It would be of interest to the critics of our present day schools to learn that Dr. William Burton of Harvard University has recently made the following declaration in an editorial in the Boston Herald:

"The children today are not merely better than those of 20, 30 or 50 years ago. They are very greatly better. Over 275 controlled studies have been made yielding mathematically precise evidence. One of them in New York City was carried on for 6 years, involving 69 elementary schools and approximately 60,000

children. All the studies in the past 30 years have been made either by regular classroom teachers or with their collaboration. . . . Criticism of the three R's has been going on for several centuries, being accelerated in all periods of social crisis. The 'Boston Herald' commented editorially in 1894: 'It is really a rare thing to find young people at from 15 to 19 years of age who can write or spell out of the common, or prepare a composition correctly.' The late Commissioner Butterfield of New Hampshire compiled statements from school committee reports in 50 New England towns covering a period of 96 years. Each generation asserts positively that the schools do not do so well as they did '20 years ago.' "

ENDING

Education is a business enterprise; it is the biggest in America. It deals with a product which is closest to the hearts of the people and it has a responsibility equalled by no other business.

Your School Board, superintendent and teachers are always receptive to constructive suggestions for the betterment of the schools.

Your Parent Teacher Association has taken healthy progressive stands for improvements.

In conclusion, I again thank the School Board, school personnel, students, parents, and community organizations for their continued cooperation in making the work of our schools enjoyable and successful.

Respectfully submitted,

JONATHAN A. OSGOOD

STATISTICS FOR THE SCHOOL YEAR ENDING
June 30, 1951

ROCKWELL SCHOOL	Boys	Girls	Total	Average Membership	Average Attendance	Percent of Attendance

†Towns Composing Supervisory Union No. 55.

‡Only two towns in Rockingham County showing more than 47% increase in population between 1940-1950.

ANNUAL REPORT OF THE PRINCIPAL OF THE ROCKWELL SCHOOL

To the School Board and to Mr. Jonathan A. Osgood,
Superintendent of Schools

The Rockwell School recognizes the duty placed upon education to lay the foundation for the future of democracy. During the past year we have continued in our effort to teach fundamentals and to impart attitudes of responsibility which can be utilized in building world citizens.

The teachers have continued taking professional courses in their effort to use the most modern methods in teaching.

The fields of social studies and science have shown the most noticeable improvement. The showing of films has created a great deal of interest and has broadened the children's general knowledge.

A Bell Howell film projector was purchased with the aid of money earned by the children and contributions from the Woman's Club, the P. T. A., and Mr. Albert Hunkins. Films have been shown on the average of one a week.

The annual Good Citizenship Medal given by the Sons of the American Revolution to the student who best exemplified the principles of good citizenship was awarded to Grant Evans.

The medal awarded annually by the American Legion of Plaistow for the best essay selected from contestants from surrounding towns came to Atkinson for the second consecutive year. It was presented to Elizabeth Truelson.

The Pre-School clinic held in June for the registration of prospective first graders proved beneficial. The child became acquainted with his teacher and schoolroom. Parents and teacher had a chance for discussion of problems thereby helping to prepare the child for his new school experiences. Mrs. Soule assisted with the registration and answered questions pertaining to health.

The Bookmobile, a state library extension, brings books to the school four times a year. Since our school library is small this service provides extra reading enjoyment and enrichment for

the children. The books have been carefully selected and graded by reading specialists.

The playground has been greatly improved. The fence along the side of the road has lessened to a great extent the danger of the children running into the road.

Basketball facilities and several kinds of new balls have been added to the playground equipment. These have created a greater interest in sports. It is hoped our graduates will have acquired sufficient confidence in themselves to participate in High School athletics.

An informal touch football game was played with Hampstead. Although our boys were badly defeated, we feel that the opportunity to practice good sportsmanship and the contact with boys from another community made this event worthwhile. Lack of transportation facilities and bad weather prevented further games. Much credit is due Mr. Yeaton for his work with the older boys of the community. Many of them return to school for afternoon games under his supervision.

The P. T. A., the Woman's Club, and the Atkinson Grange have continued to support the free milk program for needy children. An average of 13 plus free bottles of milk per day were supplied. It is hoped another year will see plans made toward a hot lunch program.

Some of our extra curricular activities have become established customs.

1. The children took part in the Memorial Day exercises. They furnished part of the program and marched to the cemetery in a body to decorate soldiers' graves.

2. Parties were enjoyed at Christmas and at Hallowe'en.

3. Parents' Day was observed during National Education Week. Twenty-five persons attended from the fifty-three families represented in our school. Regular school work was carried on so that parents might view the daily work.

4. Contributions were made to the "March of Dimes" and the Junior Red Cross programs. At two different times Junior Red Cross boxes were filled and sent to needy children in Europe.

5. Grades 7 and 8 visited the state legislature and other places of interest in Concord in conjunction with a social studies unit on New Hampshire. Mr. Harry Tuttle was host to the group and we wish to express appreciation to him.

6. At the closing of school the eighth grade held informal graduation exercises. Parents and friends of the graduates were invited. Refreshments were served. Mr. William Evans has furnished ice cream for this occasion while he has had children in school. It is hoped that some other interested person or organization will continue this practice.

In closing I wish to thank my co-workers for their loyal support. We feel we are fortunate to be working in a school system with such an excellent school and community relationship.

Respectfully submitted,

STELLA M. OLSEN

REPORT OF SUPERVISOR OF MUSIC

To Jonathan A. Osgood, Superintendent of Schools:

I herewith submit my second annual report as music supervisor in the Rockwell School, Atkinson, New Hampshire.

This year, as in previous years, the music program has followed a definite course; trying to achieve a greater appreciation of music through a better understanding. If any phase has been especially stressed, it has been music appreciation. Listening is a very important part of any music program, and especially listening to well-known songs more than once so that the student will recognize and appreciate them in his every day living outside of school. That is why it is essential that every school have its own record library. The Rockwell School has begun to build such a library this year, and it is hoped that it will grow with the years.

The rhythm band practices monthly and is a very important part of the first and second grade music. This group will undoubtedly participate in the spring operetta.

Our public performances have included a Memorial Day program and Graduation Exercises. In the spring, there will be an operetta given with all students participating.

In closing, I wish to thank all of those who have made this such a satisfactory and enjoyable year.

Respectfully submitted,

PRUDENCE DOUGLAS

ANNUAL REPORT OF THE SUPERVISOR OF ART INSTRUCTION

To Mr. Jonathan A. Osgood, Superintendent of Schools:

I hereby submit my annual report of the art activities and instructions in Atkinson.

The art experiences of the past five years have been a great source of both instruction and activities. A continuation of the fundamentals, and the creative work of the children was integrated with their subjects. When the occasion presented itself units, murals, seasonal decorations and projects were completed.

This year, as in past years, the students' work was sent to the Director of Fine Arts in Concord, New Hampshire, for their travel units. Some pictures were on exhibition at the Currier Art Gallery in Manchester, New Hampshire.

The film, "The World of Color," was shown to all grades.

The introduction of simple crafts as well as snow sculptures completed this year's program.

In closing I wish to thank the teachers for their cooperation and interest.

Respectfully submitted,

DOROTHEA ROTH

ANNUAL REPORT OF THE SCHOOL NURSE

To. Mr. J. Osgood, Superintendent of Schools:

As in the past there has been no radical changes in the general policies of the school health program.

Routine visits were made to all class rooms to check on conditions and investigate the reason for absenteeism. I made many home visits to discuss physical defects and other problems and to obtain a better understanding of what the school through its health work is trying to teach and do for the child.

Pre-school round up for children entering school in September was held in May. The home room teacher, principal and nurse teacher were present to meet the parents and children. Health histories were taken at this time of registration.

In November the Tuberculosis patch test was given to pupils in the eighth grade. Those having a positive reaction were X-rayed at Central School, Salem, by Mr. Eugent Alden, technician for New Hampshire Tuberculosis Association. A total of 45 in the Union were X-rayed, including students, parents and teachers. The X-rays were read by Dr. Kerr of Manchester, executive director of the T. B. Association, and all were found to be essentially normal or showed healed calcified glands.

The hearing testing was done this year with the pure tone audiometer and notifications were sent home of pupils having a hearing loss.

The Health Education Program has been greatly augmented by the use of Audio-Visual Material obtained through the courtesy of the New Hampshire Board of Health. Films such as "Teeth Are to Keep," "Ski Revels," "First as a Child," "Time Is Life," "I Never Catch a Cold," "The Walking Machine," "Rodney," and many others were shown to give a background of clearly applied health information based on scientific knowledge so that the pupil might learn to take the responsibility in regard to his own health behavior.

The added school population and additional services in the health program leave less time for adequate follow up work that many pupils would greatly benefit by.

The nurse-teacher is no longer employed merely to administer first-aid or to see that sick children are transported home. She works intimately with the teacher in solving the problems of individual children. She is a close link between the classroom and home. She is often called upon to act as an interpreter of the school program in individual homes and to acquaint the school personnel with conditions in the home.

It is impossible to evaluate the many benefits derived from the school health program. The benefits of the program are often felt by the pupil throughout his whole life.

In conclusion I wish to express my appreciation for the fine cooperation of the School Committee, Mr. Osgood, parents and teachers. Without their interest and support, my work would have been quite futile.

Respectfully submitted,

JESSIE SOULE, R. N.

VITAL STATISTICS

Births

November 19, 1950. Dianne Clark Rockwell. Parents: David J. and Doris (Clark) Rockwell.

November 28, 1950. Florence Eva Emerson. Parents: Roland C. and Gertrude M. (Dwinnells) Emerson

December 12, 1950. Stephen Rolfe Councilman. Parents: Maurice N. Councilman and Doris (Nelson) Councilman.

January 7, 1951. Marcia Noyes. Parents: Malcolm C. and Sylvia (Little) Noyes.

February 21. Betty Louise Lewis. Parents: Ralph A. and Lillian (Wood) Lewis.

July 17, 1951. Diana Lee Illsley. Parents: George V. and Mildred (Brown) Illsley.

July 18, 1951. Randy J. Senter. Parents: Wilfred C. and Shirley (Mason) Senter.

August 7, 1951. Scott Cutting Wason. Parents: Austin B. and Shirley (Fogg) Wason.

August 12, 1951. Patricia Ann Delia Consentino. Parents: Albert B., Jr. and Gloria (Leveille) Consentino.

October 13, 1951. Pamela Sue Currier. Parents: Forrest E. and Constance (Arsenault) Currier.

October 30, 1951. Bruce Henry Belmer. Parents: Frank P. and June (Davis) Belmer.

October 7, 1951. Francis Harold Albair. Parents: Joseph and Ruth (Nason) Albair.

Marriages

February 11, 1951. Joshua C. Noyes, Jr., of Atkinson, N. H. and Nancy A. Houston of Hampstead, N. H. Married by Charles A. Brooks, Justice of Peace at Hampstead, N. H.

June 3, 1951. Daniel W. Stewart and Bette Ann Killey of Atkinson, N. H. Married by Rev. W. W. Lyon at Atkinson, N. H.

June 17, 1951. Bertrand G. Peck, Jr. and Marilyn Beth Olsen of Atkinson, N. H. Married by Rev. W. W. Lyon at Atkinson, N. H.

June 30, 1951. Ernest F. Hobica of Methuen, Mass., and Eleanor F. Roche of Atkinson, N. H. Married by Rev. J. W. Gilrain, Plaistow, N. H.

September 29, 1951. Benjamin W. Lake and Doris M. Mitchell of Atkinson, N. H. Married by Rev. John Wood of Atkinson, N. H.

November 16, 1951. Glenwood W. Ard of Plaistow, N. H. and Phyllis Irene Ashford of Atkinson, N. H. Married by Rev. W. W. Lyon at Atkinson, N. H.

Deaths

January 3, 1951. William R. Fuller at Haverhill, Mass. Age 6 mo. 27 days. Parents: Frederick W. and Pearl (Stairs) Fuller.

January 31, 1951. Joseph Morelli at Atkinson, N. H. Age 83 years. Parents: Joseph Morelli and Angelina.

March 31, 1951. Loretta Dean Young at Haverhill, Mass. Age 72 years. Parents: David and Althea (Ferris) Chute.

June 8, 1951. Bertha Maude Lake at Haverhill, Mass. Age 66 years. Parents: Charles H. and Armina (Wentworth) Clay.

August 10, 1951. Amelia Clevesy at Concord, N. H. Age 96 years. Parents: Alexander and Eliza Oracle.

Oct. 22, 1951. Thomas C. Duffey at Haverhill, Mass. Age 75 years. Parents: John and Ann (Kelly) Duffey.

December 17, 1951. Lucinda J. Barnum at Atkinson, N. H. Age 83 years. Parents: James H. and Eliza (Poor) Noyes.

December 15, 1951. Frank Bailey at Haverhill, Mass. Age 62 years. Parents: Robert H. and Ella (Chellis) Bailey.
